**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer with a small business and I love and rely upon fiber every day. I am happy to have this innovative service and access to the best possible service at the best possible price. Competition serves me well.

Don't put this in jeopardy by giving in to a greedy plan to dismantle key components of the 1996 Telecommunications Act.

For the record, my carrier, Sonic, does use unbundled copper and inter-city fiber transport elements (UNEs) to compete in the residential marketplace.

The Bridge to Broadband is so important to my internet welfare. I use Verizon for my iPad, but I will give this up if my Sonic is forced to raise its prices by the actions of the big telephone companies.

Reject the Competition CutOff.
